At the helm...

President's Desk

Dear Members,

I promised you in my video to give this Club the face of a Sports Club and not only the wining and the dining club, although that is essential part of life. The sport increases the friendship amongst the members, it sharpens your skills, it keeps you mentally and physically healthy to discharge your duties more efficiently at your workplace and even at home. The sport is an essential part of your life like food. You might have noticed many sports activities happening in the club and our youngsters are bubbling with enthusiasm all around.

There was a snooker tournament organized only for our members on the third and fourth weekends in November. Our Billiards room has seen the sea-change. The prize distribution took place in the glittering ceremony at the hands of well-known builder Rajan Khinvasara, who is also the Chairman of Billiards and Snooker Association. Our member Jitesh Patodia organized the whole event with the help of Rishi and Mazhar. They are also planning the inter-city, inter-club snooker tournaments with Otter Club of Mumbai. We have also planned free Snooker training to our lady members and spouses. We also organized the inter-club TT Tournaments between RCBC and Poona Club on 3rd and 4th December.

The inauguration was done by the Para TT Player Sumit Sehgal who has won laurels in China, Thailand and Egypt in the tournaments organized by ITTF. It was a very touchy moment. Ms. Shobha Pandit who is known as 'Lady Gavaskar' was also present for the event. The Award function will take place at the hands of doyen of cricket Mr. Chandu Borde, who was our honorary member.

We have planned the Lawn Tennis Clinic on 11th December. The results are awaited. We have also declared the first week of December as the 'RCBC Boating Promotion Mission' week. We want to attract many members to this water sport, which is our USP. I keep my fingers crossed for the response from our members.

We are quite concerned about the Aqua Massage Fountain, which was sanctioned by the last MCM and designed by our Hon. Secretary M. Deokar. The fate will be finally decided in the ensuing MC Meeting.

There are many other important events happened in the last month and I would like to keep our members informed about it through this message of mine. The staff meeting took place on 17th November along with few other MC Members. It helps to communicate and establish rapport with the staff.

We have also established the Prevention of Sexual Harassment Committee under the Chairmanship of our senior Accountant Mrs. Shubhangi Deshpande. This committee is the statutory requirement to protect and support ladies working in our premises. The meeting of this Committee will take place once in a quarter and the responsibility stays with Mrs. Deshpande.

You will find that our staff and MC Members are fully busy in planning and organizing new events for the first time. Our Sports Committee Chairman Sameer Savla has done wonders in the sports activities. Kudos to Sameer Savla!

Hope to see you again with lots of happenings in the month of December, till then Goodbye!

With warm regards,

Arun Kudale

Interclub Table tennis Tournament Update

The Royal Connaught Boat Club hosted the Inter club PP Balakrishna Hegde Table Tennis tournament held on the 3rd and 4th of December 2022.
Members of RCBC and Poona Club participated in large numbers.

Our Club had organized National level coaches to train it's participants .
This was of great benefit to our players as they were being trained by the best. It also contributed in uniting our team members and decide their strategies.

The tournament was extremely well organized with utmost professionalism, in the elegant Pocha Hall.

Members from both the clubs were present in large groups either to participate or cheer their respective teams.

Along with a display of talent, the spectators got to experience team spirit, brotherhood and unity at its best. The Hall was filled with the sound of cheering and celebration all throughout.

- Preparation Time: 10 minutes
- Cooking Time: 20 minutes
- Serves: 2
- Course: Main Course
- Cuisine: Indian
- Ingredients – Aloe Vera – 2 Leaves (Have used my own home grown aloe vera leaves), Asafoetida - 1 pinch, Cumin Seeds – ½ tsp, Oil – 1 to 2 tbsp, Turmeric Powder – ½ tsp, Coriander Powder – 1 tsp, Mango Powder – ½ tsp, Salt – as per taste (Have used 1 tsp), Green Chilly – 1 (finely chopped).
- Preparation – Remove the edges of both sides of aloe vera leaves by washing and cutting them off. Now, chop it up into small chunks. In a vessel, place two cups of water on a flame to heat. Add 1/2 tsp salt and some turmeric powder into it. Allow water to boil then add aloe vera chunks. Continue simmering for another 6 to 7 minutes. Take the chunks of aloe vera out of the water and turn off the flame. Wash these chunks twice with water thoroughly (this helps in reducing the bitterness in aloe vera). Add some oil to a pan and heat it sufficiently. Add cumin seeds, turmeric powder, coriander powder, and green chilly to hot oil and saute on low flame. Once the spices have been mixed together, add the aloe vera chunks. Stir constantly while adding salt, fennel powder, and mango powder. Cook for 3 to 4 minutes. Sabzi is ready, take it out in a plate and garnish with some green coriander. Place the aloe vera sabzi in a refrigerator and relish eating for up to 4 to 5 days. - Suggestion: This is not a normal but a medicinal sabzi. Only 4 to 5 chunks from the sabzi are usually taken with meals. Avoid giving aloe vera sabzi to a pregnant lady, it can be harmful for them. Pro tip – It can be eaten as a pickle with paratha. Stay tuned for my next video which is on cooking paratha.

ईश्वराचा शोध

ईश्वर खरोखर आहेका? जीवन कसे सुरू झाले? विश्व कसे सुरू झाले? सुर्य माला,पृथ्वी कशी तयार झाली? हे सर्व आपोआप घडले,कींवा घडविले गेले. विश्व एका अतिसूक्ष्म बिंदूच्या महास्फोटाने अथवा प्रसरणा मुळे तयार झाले.ही घटना साधारण पणे 1380कोटी वर्षापूर्वी घडली.जर सर्वांचा निर्माता ईश्वर आहे असे गृहीत धरले तर तो प्रत्यक्ष त्या अतिसूक्ष्म बिंदूत,ज्याला एकमेवतत्व(singularity)असे म्हणतात,अथवा त्या बिंदूच्या मागे कुठेतरी असणार. आता ह्या 1380कोटी वर्षापूर्वी तयार झालेल्या बिंदूत पोचावयाचे कसे?त्याकरता काही मार्ग आहेत. जर ईश्वर मनात असेल तर भक्तिमार्ग. परन्तु जर ईश्वर प्रत्यक्ष एकमेव तत्वात असेल तर 1)रेडिओ लहरी 2)मायक्रोवेव्ह रेडीएशन 3) गुरुत्वीय तरंग हे तीन मार्ग सध्या उपलब्ध आहेत. रेडिओ तरंग व मायक्रोवेव्ह तरंग हे प्रकाशाचे घटक आहेत.प्रकाश म्हणजे विद्यूत चुंबकीय शक्ति(Electro Magnatic Force). प्रकाश गॅमा रेज पासून सुरु होतो.नंतर एक्सरे,अल्ट्राव्हायोलेट रेज.हे मानवी डोळ्यांना दिसत नाहीत. नंतर दृश्य प्रकाश, म्हणजे,व्हायोलेट,ईंडीगो,ब्लू, ग्रीन, यलो,ऑरेंज, रेड,असे सप्तरंग, जे डोळ्यांना दिसतात.त्यानंतर इन्फ्रारेड,मायक्रोवेव्ह, रेडिओ वेव्ह आहेत.विश्वात चार शक्ति आहेत ज्यायोगे विश्व चालते.गुरुत्वाकर्षण, विद्यूत चुंबकीय, कमकुवत अणुशक्ती, तीव्र अणुशक्ती. महास्फोटाच्या वेळेस ह्या सर्व शक्ति एकत्र काम करीत होत्या.महास्फोटानंतर जसेजसे विश्व प्रसरण पावू लागले व थंड झाले तसे 10/-43 जड सेकंदाने गुरूत्वाकर्षण शक्ति बाहेर पडली.
